Certification No.	C0027
Certification date	2005/6/3
Name of TOE	Canon iR5570/iR6570 Series Encrypted Printing Software-B1
Version of TOE	Version 1.01
TOE category	IT Product (data protection function in digital MFD)
Supplier	Canon Inc.
Contact	Name: Kazuhiko Yoshioka Division: OIP Product Planning Dept. 4 Tel: +81-3-3758-2111 E-mail: yoshioka.kazuhiko@canon.co.jp
Conformance claim	EAL2
PP conformance	None
Evaluation Facility	Electronic Commerce Security Technology Laboratory Inc.
Description of TOE	In today's office environments, people create a variety of documents for business purposes using applications on their PC, and those documents are usually printed on a network-connected printing device (e.g., a shared multi-functional peripheral (MFP) or a shared printer). This product encompasses the Canon iR5570/iR6570-series multifunctional peripheral and a Windows-compatible software program to execute print operations, and provides the following functions: (1) Protect print job data during transmission to a printing device from a user's PC (2) Allow print job data to be printed after verifying at the printing device that the same IC card that was used at the PC to start printing is being used
